

🌸 Meet Dord

Dord is Willum's bright, bubbly little sister, full of sunshine, songs and unstoppable energy. She loves nothing more than singing at the top of her

voice, twirling into a dance whenever the mood strikes, and racing outside to explore the world around her. Dord absolutely adores her big brother and follows him into every adventure with wide-eyed excitement, and she never goes anywhere without her tiny companion, Autumn the mouse, tucked safely by her side. With her imagination, her kindness and her love of the outdoors, Dord brings joy, laughter and a spark of magic to every Bob & Julie story.
