

Meet Julie

Julie is Bob's best friend and the calm, clever heartbeat of every adventure. Where Bob charges in with enthusiasm (and the occasional disaster), Julie follows with kindness, common sense and a gentle smile that somehow puts everything back in order.

She adores Willum and Dord, and they adore her right back — partly because she always knows what to do, and partly because she makes even the trickiest moments feel safe, warm and full of possibility. Julie is the one who remembers the snacks, spots the clues, untangles the chaos and keeps the whole gang moving in the right direction.

With her steady hands, big heart and quiet sparkle, Julie turns every muddle into a moment of magic.
